USA	<p>NAME OF PRODUCT: Paramount Trident Series 2 (UV II) Ultraviolet Sanitation Systems for pools</p> <p>UNITS: About 960</p> <p>DESCRIPTION This recall involves all Paramount Trident Series 2 (UV II) ultraviolet sanitation systems. The sanitation systems are a gray tube that stands 32 inches high by 11 inches in diameter. They are plumbed into the pool’s water circulation pipes and plugged in or hard-wired into an electrical system. The pool’s water runs through the unit and is sanitized by ultraviolet lamps. This is a secondary sanitation system used in conjunction with chemical sanitizers such as chlorine or bromine. “Trident UV II” or “Series 2 Trident Ultraviolet Corporation UV Sanitation System” is printed on a black label on the front of the units. In addition, a silver sticker on the units has the following wording “Paramount Series 2 Ultraviolet Pool Sanitizer System,” “Trident Series 2 Ultraviolet Water Treatment System” or “Trident Ultra UV Series 2 Water Treatment System” and a date code of 9/9/2013 or later. Some date codes consist of a series of letters. Consumers with letters in the date code need to go to www.1paramount.com to determine if their unit is included in the recall.</p> <p>IMPORTER Unknown</p> <p>MANUFACTURED IN: United States and China</p> 	<p>HAZARD: Electrical arcing can cause the units to catch fire, posing a fire hazard.</p> <p>INCIDENTS/INJURIES None reported</p>	<p>Consumers should immediately unplug the units from the outlet, or if hard-wired, the power source should be disconnected or turned off at the circuit breaker. Contact Paramount for a free replacement unit and free installation.</p>

According to the REACH Regulation the phthalates DEHP, DBP and BBP are prohibited in all toys and childcare articles, while phthalates DINP, DIDP and DNOP are prohibited in toys or childcare articles that can be placed in the mouth by children.</p>	<p>Compulsory measures: Import rejected at border.</p>
USA	<p>NAME OF PRODUCT: Magnetic Color Sorting Board</p> <p>UNITS: About 3,700</p> <p>DESCRIPTION</p> <p>This recall involves Excellerations™ magnetic color sorting boards with cupcake cut-outs that are used to teach color and sorting to young children. The recalled sorting board is made of plywood and is 16 inches wide and 12 inches high and has the Excellerations™ name and logo on the front in the bottom right corner. A clear plastic cover is attached to the board by rivets and a 4-inch long wand with a magnet in one end is attached to the top of the board by a 13.5-inch plastic cord. The face of the board has one jar-shaped cut-out and six cupcake-shaped cut-outs that are colored red, yellow, blue, green, orange and purple. Beneath the cover are about 60 multi-colored metal balls, each 1 centimeter in diameter. Children use the wand to move the balls around the board through channels from the jar to the cupcakes.</p> <p>IMPORTER</p> <p>Discount School Supply, of Monterey, Calif.</p> <p>MANUFACTURED IN: China</p> 	<p>HAZARD:</p> <p>The magnet in the wand can detach and the plywood backing can crack and release small metal balls that are sandwiched between the board and a clear plastic cover. These pose choking and serious internal injury risks associated with ingestion of a magnet and metal ball. The surface paint on the metal balls contains levels of lead that exceed the federal lead paint standard.</p> <p>INCIDENTS/INJURIES</p> <p>Discount School Supply has received six reports of the plywood backing cracking and making the small metal balls accessible to children, and two reports of the magnet detaching from the wand. No injuries have been reported.</p>	<p>Consumers should immediately stop children from using the recalled board, put it out of their reach and sight, and contact the company for a full refund.</p>

USA	<p>NAME OF PRODUCT: Boys' Ripzone Hooligan Hooded Jackets</p> <p>UNITS: 133 in the U.S. and 2,032 in Canada</p> <p>DESCRIPTION This recall involves the Ripzone Boys' Hooligan hoodie jacket. The jackets are 100% polyester waterproof material and have a front zip closure with Velcro adjustable cuffs. There are two zippered pockets on the front of the jacket and a drawstring around the neck of the garment. The jacket is black with a neon blue stripe diagonal across each shoulder and two neon blue stripes around the bottom of the jacket. The jackets were sold in youth sizes small/petite (s/p) and medium (m). RPZN and the size can be found on the label sewn into the seam of the neck area of the garment. The style number 78938 is located on the care label of the jacket which is on the right front, inside lower seam of the jacket.</p> <p>IMPORTER RMP Athletic Locker Ltd., Ontario, Canada</p> <p>MANUFACTURED IN: Bangladesh</p> 	<p>HAZARD: The jackets have a drawstring around the neck area which poses a strangulation hazard to children. Drawstrings can become entangled or caught on playground slides, hand rails, school-bus doors or other moving objects, posing a significant strangulation and/or entanglement hazard to children. In February 1996, CPSC issued guidelines about drawstrings in children's upper outerwear. In 1997, those guidelines were incorporated into a voluntary standard. Then, in July 2011, based on the guidelines and voluntary standard, CPSC issued a federal regulation. CPSC's actions demonstrate a commitment to help prevent children from strangling or getting entangled on neck and waist drawstrings in upper outerwear, such as jackets and sweatshirts.</p> <p>INCIDENTS/INJURIES None reported</p>	<p>Consumers should immediately remove the drawstring from the garment to eliminate the hazard or return the garment to the place of purchase for a full refund.</p>
